

ANTI-CONJUGATED FITC (FLUORESCEINE) ANTIBODIES

CATALOG NUMBER : AP163

LOT NUMBER : 07113001

TARGET : Conjugated FITC

IMMUNOGEN : Synthetic FITC conjugated to protein carrier (Pc)

HOST SPECIES : Rabbit

CLONALITY : Polyclonal

ISOTYPE : IgG

PURITY : Antiserum previously preabsorbed on protein carriers, and purified.

FORM : Lyophilized

TESTED APPLICATIONS : ELISA

APPLICATIONS NOTES : Recommended dilutions for ELISA (1/20,000-1/50,000)

STORAGE INSTRUCTIONS : Lyophilized antibodies are stable at least 2 years. After reconstitution with 50µl of distilled water and 50 µl of glycerol, the aliquot can be repeated freeze (up to five times).

CORRESPONDING ANTIGEN : Gemacbio sells the corresponding antigen : FITC conjugate (code number : AG163)
